

Title: Utilityperson, National Maintenance Facility
Location: Appin, New South Wales
Function: Clean Energy Operations
Details: Permanent Full-Time

EDL owns and operates a global portfolio of power stations in Australia, North America and Europe. Our vision is to be the leading global producer of sustainable distributed energy. At EDL, we are playing a key role in the world's transition from traditional energy sources to decarbonised solutions.

Reporting to the NMF Supervisor, this role will be responsible for all aspects of the major works throughout the country on Caterpillar, Jenbacher and Deutz Gas & Diesel engines located at various sites around Australia. This role is based at the National Maintenance Facility in Appin, NSW. There are two positions available.

Key Responsibilities:

- Working on Caterpillar, Deutz and Jenbacher gas engines
- Reconditioning of Cylinder heads and small components
- Assessing parts for reuse and reconditioning engines and other equipment
- Supervising trades assistants in training and teaching correct work practices
- Testing engines on completion of overhaul
- Painting and prepare engines for dispatch to site
- Involved in removal and installation of engines onsite
- General housekeeping responsibilities
- Maintain the safety culture to a high standard
- Mentoring / training apprentices
- Travel to sites around Australia to undergo major maintenance
- Actively ensure own health and safety and the health and safety of others through understanding and implementing workplace health and safety obligations
- Support and comply with Company Policies and procedures as advised and documented in the Company's employment policies as amended from time to time and as directed by Managers/Supervisors
- Any other duties appropriate to the level and responsibility of the position as required

Qualifications and Experience:

- Trade certificate in a Fitting/Plant Mechanical trade essential
- Experience in diesel/gas engine repair/reconditioning highly desirable
- Experience in Caterpillar, Deutz, Jenbacher or any large capacity engines highly desirable
- Basic computer skills are desirable

EDL is committed to creating a diverse and inclusive environment and is proud to be an equal opportunity employer.

Successful applicants will be required to undergo medical and background screening prior to commencement with the NMF.

To apply, please send your current resume and cover letter to hrvacancies@edlenergy.com, quoting reference VAC0208.

Applications close Friday, 24 May 2019.
