

Title: LFG Mechanical Technician
Location: Tamala Park/Red Hill Power Stations in Perth
Function: RE WA Operations
Details: Full Time, Permanent

EDL owns and operates a global portfolio of power stations in Australia, North America and Europe. Our vision is to be the leading global producer of sustainable distributed energy. At EDL, we are playing a key role in the world's transition from traditional energy sources to decarbonised solutions.

The purpose of the position is to operate or maintain LFG power station plant and equipment in a reliable and cost efficient manner in order to maximise operating availability. Ensuring the highest standards of safety and environmental performance are adhered to. This role is a Monday to Friday roster (40 hour week). The successful candidate should also be prepared to provide after hours and weekend support if required.

Key responsibilities for this position include but are not limited to

- Maintain a range of Gas fired Caterpillar and Deutz engine generators.
- Maintain a range of Diesel Caterpillar, Deutz and Cummins engine generators.
- Maintain and operate Pronto Maintenance Management System.
- Ensure compliance with H & S, Work Cover, Office of Energy Safety and all legislation and regulations are abided by.
- Be responsible and show urgency towards Customer needs in this essential service industry.
- Show initiative and a willingness to undertake ongoing training both internal and external to the Company.
- Well field maintenance and gas monitoring.
- Attend to call outs when rostered on.
- Ensure good site housekeeping.

Qualifications and experience

- Mechanical trade certificate.
- Experience in Engine Management and Electrical/Mechanical Systems.
- Experience in the Operation and Maintenance of a modern Power Station preferred.
- Experience with Engine Management Control systems an advantage.
- 5 years Industrial safety experience.
- Knowledge of Pronto Maintenance Management System an advantage.
- Valid Driver's License.
- Experience with Landfill Gas Power Stations will be highly regarded.
- Previous experience with head changes and valve sets not only on Caterpillar Engines, but any engines will be highly regarded.

EDL is committed to creating a diverse and inclusive environment and is proud to be an equal opportunity employer.
