

Title: Mechanical Field Service Officer
Location: Western Australia, Australia
Function: RE Operations
Details: Full Time, Permanent

EDL owns and operates a global portfolio of power stations in Australia, North America and Europe. Our vision is to be the leading global producer of sustainable distributed energy. At EDL, we are playing a key role in the world's transition from traditional energy sources to decarbonised solutions.

We are currently recruiting for a Mechanical Field Service Officer to join our teams at our Southern Goldfields Operations in WA. The roster will be 2 weeks on / 2 weeks off and reports into the Mechanical Operations Supervisor.

As the MFSO you will look after all aspects of operating and maintaining gas and diesel fired Engines and power generation equipment at various remote Power Stations.

Key responsibilities include, but not limited to:

- Maintain a range of Gas fired Caterpillar, Deutz and Cummins engine generators.
- Maintain a range of Diesel Caterpillar, Deutz and Cummins and Volvo engine generators.
- Maintain and operate Pronto Maintenance Management System.
- Ensure compliance with H & S, Work Cover, Office of Energy Safety and all legislation and regulations are abided by.
- Be responsible and show urgency towards Customer needs in this essential service industry.
- Show initiative and a willingness to undertake ongoing training both internal and external to the Company.

Qualifications and experience:

- Mechanical trade certificate.
- Experience in Engine Management and Electrical/Mechanical Systems.
- Experience in the Operation and Maintenance of a modern Power Station preferred.
- Experience with Engine Management Control systems an advantage.
- 5 years Industrial safety experience

You will be a highly motivated, self-starter with excellent communications skills and work effectively in a small, collaborative team environment.

Successful applicants will be required to undergo medical and background screening prior to commencement with EDL.

EDL is committed to creating a diverse and inclusive environment and is proud to be an equal opportunity employer.

To apply for this position, please send a 1-page cover letter and your current resume to hrvacancies@edlenergy.com quoting reference number VAC0227.

Applications open until position is filled
