

**Title:** Power Technician  
**Location:** Western Australia, Australia  
**Function:** RE Operations  
**Details:** Full Time, Permanent

---

EDL owns and operates a global portfolio of power stations in Australia, North America and Europe. Our vision is to be the leading global producer of sustainable distributed energy. At EDL, we are playing a key role in the world's transition from traditional energy sources to decarbonised solutions.

We are looking for qualified electricians to join our Remote Energy team as Power Technicians on a family-friendly 2 week on / 2 week off roster in the WA Goldfields. If you are a team player, have a can-do attitude and the desire to be trained as a Power Technician we will give you the training, support and mentoring you need.

**You will be trained to take on these key responsibilities:**

- Perform regular inspection and maintenance of fixed plant, engines, gas fields and associated equipment to ensure safe and reliable operation
- Operate advanced instrumentation and process control systems
- Undertake electrical and mechanical fault-finding, repairs and reporting
- Monitor the process to ensure optimum output
- Operate gas fuelled power plant and all associated power generation equipment

**Qualifications and experience:**

- Electrical license (essential)
- Experience in maintaining, fault finding and operating electrical equipment
- First Aid certificate desirable
- Current drivers licence is essential

If you are highly motivated, have excellent problem-solving skills, good communication skills and looking to kickstart your career in Power Generation apply now!

Successful applicants will be required to undergo medical and background screening prior to commencement with EDL.

We are encouraging applicants from a diverse background across all sectors to apply. EDL is committed to creating a diverse and inclusive environment and is proud to be an equal opportunity employer.

To apply for this position, please send a 1-page cover letter and your current resume to [hrvacancies@edlenergy.com](mailto:hrvacancies@edlenergy.com) quoting Power Technician in the subject line.

**Applications open until position is filled**
