

**Title:** Maintenance Supervisor  
**Location:** Lowellville, Ohio, United States  
**Function:** NA Operations  
**Details:** Permanent

---

EDL owns and operates a global portfolio of power stations in Australia, North America and Europe. Our vision is to be the leading global producer of sustainable distributed energy. At EDL, we are playing a key role in the world's transition from traditional energy sources to decarbonised solutions.

The RNG (Renewable Natural Gas) Maintenance Supervisor has the opportunity to support procurement, manage on site inventory and provide mechanical support for the RNG Plant within EDL's North American Operations. The team consists of a plant manager, maintenance supervisor, controls operator and three operating technicians. This role is the lead person to schedule, procure materials and arrange support staff to maintain RNG plant operations. The RNG Maintenance Supervisor will play a key role for achieving operational metrics as related to plant maintenance and production goals.

#### **Key Responsibilities**

- Planning and scheduling of both internal and external support personnel for the RNG plant.
- Coordinate with RNG Operations Team and RNG Plant Team to ensure support and successful maintenance related outcomes.
- Ensure the RNG Plant is being maintained to meet production and the asset maintenance plans.
- Plan, communicate and coordinate support for maintenance outages.
- Be knowledgeable of mechanical/electrical preventive maintenance schedules.
- Procuring and maintaining appropriate on-site inventory levels.
- Analyze operations and maintenance data to make recommendations for improving productivity and efficiency in operations.
- Arrange for outside third-party assistance when required and manage and oversee any third-party contractors working onsite.

#### **Qualifications and Experience**

- Prior supervisory/management experience in a manufacturing environment, preferably with electrical and rotational equipment
- Experience with establishing and managing to budgets.
- Experience with setting site maintenance schedules, preferably with both gas field, gas plant and engines
- Experience adhering to Health and safety responsibilities and requirements.

EDL is committed to creating a diverse and inclusive environment and is proud to be an equal opportunity employer.
