

Title: Mechanical or Electrical Engineering Intern
Location: Brisbane or Perth, Australia
Function: Engineering / Project Delivery / Operations
Details: Commencing November for 12 weeks

EDL owns and operates a global portfolio of power stations in Australia, North America and Europe. Our vision is to be the leading global producer of sustainable distributed energy. At EDL, we are playing a key role in the world's transition from traditional energy sources to decarbonised solutions.

Reporting to the Engineering, Project Delivery or Operations team, this internship will expose you to a wide variety of engineering activities.

The key responsibilities for this position include but are not limited to:

- Obtain an understanding of the various power station site operations;
- Collaboration with multi-disciplinary teams to complete project deliverables;
- Liaising with internal and external stakeholders to assist with information gathering;
- Work collaboratively and share knowledge across the business unit and the wider organisation to meet team organisational objectives;
- Carrying out detailed design work and documentation under supervision;
- Assisting in preparation of specifications, proposals and other documents;
- Being part of a dynamic and innovative team with a great team culture and supportive colleagues.

Qualifications and experience:

- Currently studying a Mechanical or Electrical Engineering degree;
- Be a self-starter who is reliable, honest and takes pride in your work;
- Excellent written and oral communication skills;
- Experience with Microsoft Word, Excel and PowerPoint;
- Ability to problem solve;
- Have the ability to work both as part of a team, as well as independently.

Why join us?

- Join a team of experienced engineers;
- Be apart of the sustainable future for energy;
- Be apart of a diverse and inclusive working environment;
- Get paid while getting experience.

EDL is committed to creating a diverse and inclusive environment and is proud to be an equal opportunity employer.

If you wish to apply for this position, please send your current resume to hrvacancies@edlenergy.com, referencing 'Engineering Internship' in the subject line.

Applications open until positions are filled
