At EDL, we are playing a key role in the world's transition from traditional energy sources to decarbonised solutions.

Reporting to the Operations Supervisor, this position is responsible for ensuring efficient operations of WCMG power stations. The roster will initially be working 45 hours per week, Monday to Friday with the final roster including nightshift and weekends. Successful applicants must reside in the Appin or surrounding areas as accommodation will not be provided.

Key Areas of Responsibility:

- Operate and maintain gas fuelled reciprocating engines and power generation equipment
- Operate and maintain associated ancillary plant equipment
- Perform regular inspection and maintenance of above equipment to ensure safe and reliable operation
- Undertake electrical and basic mechanical fault-finding, repairs and reporting
- Operate and monitor advanced instrumentation and process control systems via the station PLCs
- Monitor power station process to ensure optimum output and security of supply to customer and external electricity grid
- Actively ensure own health and safety and the health and safety of others through understanding and implementing workplace health and safety obligations
- Support and comply with Company policies and procedures
- Any other duties appropriate to the level and responsibility of the position as required
- Carry out routine housekeeping duties in ensure the site is well maintained and safe

Qualifications and Experience:

- Electrical trade or certificate qualifications
- HV qualifications and EEHA desirable
- Current drivers' licence
- Basic computer skills
- Demonstrated ability to work safely unsupervised and autonomously
- Troubleshooting and basic fault finding skills
- Strong working knowledge of power system and control circuitry
- Knowledge and understanding of process operations in power generation plants
- Experience in operating and maintaining large reciprocating engines desirable

EDL is committed to creating a diverse and inclusive environment and is proud to be an equal opportunity employer.

To apply for this position, please send a 1-page cover letter and your current resume to hrvacancies@edlenergy.com quoting reference number VAC0334.

Applications close Friday 9 September.
