

Title: Intern
Location: (Narvon, Morgantown, Leola), Pennsylvania, United States
Function: Operations
Details: Hourly, Full-time
Date Posted: 01/18/2023

EDL owns and operates a global portfolio of power stations in Australia, North America and Europe. Our vision is to be the leading global producer of sustainable distributed energy. At EDL, we are playing a key role in the world's transition from traditional energy sources to decarbonised solutions.

Reporting to the Regional Operations Supervisor, the Intern will be responsible for maintaining safety guidelines in accordance with workplace, state, federal and OSHA standards. In addition, this individual will be performing inspections and maintenance of equipment found on site.

Key Responsibilities

- Operation and Maintenance of gas fuelled power plant
- Comply with all workplace, federal, state and OSHA safety guidelines and obligations;
- Perform regular inspections and maintenance of fixed plant and gas processing equipment.
- Administrative duties including documenting and reporting equipment maintenance, operation and condition;
- Perform fault-finding, repairs and reporting of electrical and mechanical systems;
- Available for on-call duties remaining within 45 minutes of the power station during these hours;
- Carry out routine housekeeping duties;
- Other duties as assigned by supervisor.

Qualifications and Experience

- Current driver's license with a clean driving record;
- Ability to work weekends, holidays and on-call hours;
- Basic Maintenance, mechanical or electrical experience and/or suitable background;
- Proficient in using Microsoft Outlook, Word and Excel
- Ability to collect and interpret data and write clear, accurate reports and specifications
- Effective communication skills both verbal and written
- Analytical and trouble shooting skills in either mechanical and electrical systems;
- Ability to perform minor repairs;
- Familiarity with the operation of instrumentation and process control equipment and systems;
- Ability to work autonomously and self-motivate in a multi-skilled work environment;
- Proficient in using instrumentation, metering and/or monitoring equipment to measure, records and make adjustments within operating parameters;

EDL is committed to creating a diverse and inclusive environment and is proud to be an equal opportunity employer.
