

Title: Utility Person – Mechanical Trade
Location: Appin, Australia
Function: National Maintenance Facility
Details: Permanent Full-Time

EDL owns and operates a global portfolio of power stations in Australia, North America and Europe. Our vision is to be the leading global producer of sustainable distributed energy. At EDL, we are playing a key role in the world's transition from traditional energy sources to decarbonised solutions.

This is an exciting opportunity to join EDL's National Maintenance Facility in Appin, NSW. The successful individual will be responsible for all aspects of major works on Caterpillar Gas Diesel engines located at various sites around Australia. This is a full-time permanent position working straight days with an hourly rate.

Key Responsibilities:

- Working on Caterpillar gas engines.
- Reconditioning of Cylinder heads and small components.
- Assessing parts for reuse and reconditioning engines and other equipment.
- Supervising apprentices in training and teaching correct work practices.
- Testing engines on completion of overhaul.
- Painting and prepare engines for dispatch to site.
- Involved in removal and installation of engines onsite.
- General housekeeping responsibilities.
- Actively ensure own health and safety and the health and safety of others through understanding and implementing workplace health and safety obligations.
- Support and comply with Company Policies and procedures as advised and documented in the Company's employment policies as amended from time to time and as directed by Managers/Supervisors; and
- Any other duties appropriate to the level and responsibility of the position as required.
- Maintain the safety culture to a high standard.
- Mentoring / training apprentices.
- Travel to sites around Australia to undergo breakdown activities.

Person Specific:

- Good written and oral communication skills.
- Demonstrates motivation and flexibility.
- Takes responsibility for all aspects of work.
- Demonstrates initiative, enthusiasm, is a self-starter and open to new ideas.
- Dedicated and committed.
- Team orientated.
- Focused with the ability to be effective under pressure.
- Effective time management and organisational skills.

Qualifications and Experience:

- Trade certificate in a Plant or Heavy-Duty Vehicle Mechanical trade essential.
- Experience in diesel/gas engine repair/reconditioning highly desirable.
- Experience in Caterpillar, Deutz, Jenbacher or any large capacity engines highly desirable.
- Basic computer skills are desirable.
