

Title: Commercial Manager Remote Energy
Employment: Full time, Permanent
Location: Perth, WA
Business Unit: Remote Energy Australia
Reporting to: General Manager Remote Energy

EDL owns and operates a global portfolio of power stations in Australia, North America and Europe. Our vision is to be the leading global producer of sustainable distributed energy. At EDL, we are playing a key role in the world's transition from traditional energy sources to decarbonised solutions.

EDL is seeking a Commercial Manager Remote Energy to Lead commercial management for the Remote Energy Business in Perth WA.

Key Areas of Responsibility

Work with the Australian Remote Energy business to:

- Manage the existing contract suite including power purchase agreements, gas agreements, connection agreements, electricity market agreements and leases to ensure EDL is abiding by its contractual obligations to its principal customers.
- Manage customer relationships to ensure EDL's position is protected, both during the current contract term and for any potential extension of term
- Identify and deliver opportunities to maximise value from existing contracts and manage compliance to the requirements of the agreements.
- Provide options for and implement new contractual arrangements to support the existing assets.
- Position EDL with Governments (Commonwealth and State) and other regulatory bodies to maximise value and opportunities for EDL.
- Lead the development and provide oversight of the processes and systems required for compliance with relevant energy market compliance and settlements.
- Ensure compliance with various licences and statutory requirements.
- Work closely with the Australian business development team to deliver growth opportunities while managing commercial risks.
- Provide commercial support during the delivery of new projects and project expansions

General:

- Contribute to the operations and growth of the company
- Live the EDL values of SPIRIT – **S**afety, **P**erformance, **I**nnovation and **I**nitiate, **R**espect & **R**esponsibility, **I**ntegrity and **T**eamwork
- Be an active agent of change
- Actively ensure own health and safety and the health and safety of others through understanding and implementing workplace health and safety obligations
- Support and comply with Company policies and procedures as advised and documented in the Company's employment policies as amended from time to time and as directed by Managers/Supervisors
- In addition to the duties set out above, the Commercial Manager Remote Energy may be expected to perform other duties appropriate to the level and responsibility of the position as assigned from time to time by the Company.

Qualifications and Experience

- Formal qualifications in law, commerce or a related field.
- 7 years experience working in the energy industry generally
- Experience in the WA Electricity Market, NEM or NT electricity market desirable

EDL is committed to creating a diverse and inclusive environment and is proud to be an equal opportunity employer.

To apply, please send your current resume and cover letter, referencing VAC399 in the subject line, to [hrvacancies@edlenergy.com](mailto:hvacancies@edlenergy.com).

Applications open until the position is filled.
